500 Manitoba and Northwestern Ontario Conference fonds. -- 1917 - 2004; predominant 1954-1993. -- 43m of textual records and other material.

The Conference of Manitoba came into existence in June of 1925 with the creation of The United Church of Canada through the union of the Methodist, Presbyterian, Congregational and Local Union Churches of Canada. The name was changed in 1980 to the Conference of Manitoba and Northwestern Ontario as a result of a successful petition to the General Council of the United Church by Cambrian Presbytery. The Conference encompasses the entire province of Manitoba and the area of Northwestern Ontario drained by the Rainy River and Winnipeg River systems as far east as Marathon, Ontario and south to the United States border.

The Conference has an administrative as well as a geographic meaning. The thirteen conferences within The United Church of Canada function as a governing body or court of the church. Very simply, they are composed of members of the Order of Ministry on the roll of Presbyteries within the geographical bounds of the Conference and lay persons under appointment to administrative or staff positions within the Conference by a court of the church or the United Church General Council. These are matched by an equal number of lay representatives elected from the Pastoral Charges within the Conference. Chairpersons of Conference Committees and the President of the Conference United Church Women are also members of Conference. In addition to the obligation to meet annually and to appoint a Conference Executive, the Conference was charged with appointing Standing and Special Committees to carry out the day to day work of the Conference. In 1925 these were Education and Students, Evangelism and Social Service, Foreign Missions, Home Missions, Pensions, Publications, Religious Education, Missionary and Maintenance Fund, Church Property, Settlement, Statistics, Historical and Obituaries.

With a few exceptions, the structure of Conference remained essentially the same until 1972 when a major realignment of the administrative structure of the United Church at the General Council (National) and Conference levels took place. In 1972, the Boards of Home Missions, Evangelism and Social Service and Christian Education had ceased to exist along with the staff positions associated with that work. New paid staff positions which made their first appearance around this time were Regional Director of Broadcasting in 1971 (lasting only until 1972), the positions of Conference Personnel and Conference Administrative Support in 1972 and the positions of Leadership Development and Program Resource in 1973. In 1975 and 1976, and again from 1989 to 1993, a staff position for Communications was added. In 1983, the Conference staff position of Christian Development and Outreach was created and, in 1986, an Evangelism and Social Action staff person as well as a full time Conference Archivist was hired.

The changes in National and Conference administrative structure, which resulted from a move towards more regional and local control of church programs, were reflected in the evolution of Conference Committees. The powerful Conference Home Missions Committee and its sub-committees, responsible for overseeing the mission initiatives of Conference and the administration of mission grants according to Board of Home Missions directives, had been replaced by the Administrative Support Committee (briefly called the Congregational Support Committee) by 1973. Another major reorganisation of the Conference committee structure took place in 1983 when a system for the division of the work of Conference committees among four Councils (Stewardship, Worship and Education, Ministry and Personnel, Evangelism and Social Action) was devised. Committee chairs reported to their respective Councils that in turn were represented on the Conference Executive.

Another major reorganisation of Conference Structure took place in 1993. At that time, the pressure of meeting current demands with dwindling resources resulted in a move to reduce the number of Presbyteries from eight to six. The work previously allocated among four Conference Councils was then divided between three Program Units (Education and Justice, Ministry and Personnel, and Stewardship and Mission). The number of Committees reporting to the Program Units, and through them to the Conference Executive was reduced. Salaried staff were also decreased and reorganised to include the positions of Executive Secretary, Education and Justice staff person, Stewardship and Mission staff

person, Personnel staff person and Conference Archivist. Further changes to the Conference Structure were made in 2005.

Many of the materials which make up this Conference fonds had been stored in the basement of the Conference administrative offices at 120 Maryland Street in Winnipeg in an ad hoc manner for varying lengths of time over a period of approximately forty years before coming into the Archives. Generally, the records of Conference executive, staff and committee chairs were transferred to the basement at the end of their term of office. Renovations to and rearrangement of the basement area resulted in the movement of the materials around the storage area on more than one occasion. It is probable that space constraints resulted in the unrecorded disposal of an undetermined number of documents and other materials throughout the storage period. Administrative records in storage at 120 Maryland were formally transferred to the Archives in 1989. The movement of the Conference administrative offices to a new address in the fall of 1996 precipitated an inventory and the relocation of those records in 1995 prior to the move. The balance of the fonds consists of record series that had been accessioned by the Archives at various periods prior to 1995. The provenance of records accessioned prior to 1976 is often obscure.

The fonds consists of textual and other materials generated by the Conference, the Conference Executive, Conference Staff Associates and Conference Committee members in the fulfilment of their mandate as outlined in *The Manual of The United Church of Canada* from 1925 to 1994. Throughout the life of the fonds, several Conference staff members have served in more than one church or community administration simultaneously while keeping unified files. This has resulted in materials from other administrative jurisdictions being interspersed among the fonds.

Fonds are composed of the following series: Conference Annual Meetings, 1925-1993; Conference Executive, 1925-2002; Conference Offices, 1958-1989; Committees, Task Forces and Working Groups Answering to the Executive and Sub-Executive, 1968-1993; Manitoba Conference Branch of The United Church Woman's Missionary Society, 1918-1962; Manitoba Conference Branch Woman's Missionary Society Archives Collection, [ca.1885-ca.1960]; Manitoba Conference Lay Association, [ca.1910]-1962; District Council AOTS, 1964-1977; Conference Committee on Christian Education, 1927-1992; Conference Home Missions Committee, 1926-1973; Superintendents of Home Missions, 1926-1973; records of the Administration of Norway House Residential School, 1954-1967; Conference Hospitals, 1923-1982; Home Missions Inter-Conference and Ecumenical Groups, 1956-1969; Conference Evangelism and Social Service Committee, 1933-1976; Conference Congregational Life and Work, 1952-1979; Church in Society Committee, 1976-1983; Evangelsim and Social Action Council, 1983-1993; Inter-Conference and Ecumenical Groups reporting to the Evangelsim and Social Action Council, 1972-1999; Conference Communications, 1964-1992; Worship and Education Council, 1981-1994; Worship and Education Council Women's Groups, 1982-1992; Education and Justice Unit, 1987 - 2004 (predominately 1993 - 1998); Committee on Education, Students and Church Vocations, 1975-1978; Conference Education Committee, 1972-1983; [Interim] Placement Committee, 1970-1972; Conference Settlement Committee, 1971-1980; Conference Staff Committee, 1966-1992; Ministry and Personnel Council, 1982-1993; Conference Personnel Officer, 1972-1993; Conference Personnel Records, 1957-1993; records of the Conference Finance Committee, 1964-1974; records of Conference Administrative Support, 1973-1983; records of Administrative Support Staff, 1972-1993; Conference Stewardship, 1967-1993; Church Camps, 1918-1975; Church Home for Girls, 1945-1976; Women's Union, 1926-1958; Manitoba Conference Woman's Association, 1946-1962; Conference United Church Women, 1963-2002; Fellowship of Professional Women, 1949-1980; Manitoba Canadian Girls in Training, 1918-1990; and the Manitoba Student Christian Movement, 1923-1981.

The fonds also includes ephemera, photographs, slides, audio tape recordings, video tape recordings and 50 sets of blueprints, plans and architects' drawings.

Original order of many of the series of the fonds was substantially obscured during the storage period and many materials were in an extremely disorganised state with no original order or access points apparent; where necessary, order based on administrative function has been reconstructed by the arranging archivist.

Some restrictions on access; see series descriptions.

Finding Aids consist of series descriptions and box lists; some sub-series and file level description available.

509/2 Records of the Superintendents of Home Missions. – 1914-1981. – 24m textual records and other material.

The office of Conference Superintendent of Home Missions functioned from the creation of the General Council Board of Home Missions in 1925 until the dissolution of the Board in 1972. The Conference Superintendents of Home Missions were responsible for supervising the administration of allocations made by the Board of Home Missions in support of aid-receiving charges, Mission Fields, and institutions that furthered the objectives of the Home Mission work of the United Church within the Conference territory. However, while the Superintendent of Home Missions supervised Home Missions properties within the Conference in conjunction with the Conference and Presbytery Home Missions Committees, the ownership of those properties remained with The United Church of Canada and the national Board of Home Missions made any final decisions regarding insurance and lease or sale. The Superintendent was also responsible for giving direction to the missionary efforts within the Conference in co-operation with the Home Missions Committees of the Conference and Presbyteries. This involved the interpretation and implementation of policies set by the General Council and the Home Missions Board. As well, the Superintendent was expected to serve on any inter-conference or ecumenical committees and commissions which were concerned with issues related to home missions work within his territory and in so doing represent the interests of The United Church of Canada.

The Superintendents of Home Missions, called the Superintendents of Missions prior to 1935, were J. A. Cormie and J. A. Doyle, 1925 to 1927; J. A. Cormie, 1928 to 1946; C. H. Best, 1946 to 1955; George McMillan, 1956 to 1959; and N. K. Campbell from 1960 to 1965. After 1966, the position title was Superintendent of Home Missions and Field Secretary of Missionary Maintenance (Field Secretary of Stewardship Services after 1969) reflecting a new division of the work within Conference. From 1966 to 1972, the position was shared by J. D. McMurtry (responsible for N.E. Manitoba and N. W. Ontario) and R. Smith (responsible for S. W. Manitoba). The position of Superintendent of Home Missions was discontinued along with the Board of Home Missions in 1972. Thereafter, the Conference staff person responsible for the administration of grants to aid receiving charges was the Administrative Support officer. In July of 1963, the Conference also appointed a Building Administrator. This full-time staff person was charged with the responsibility for the maintenance of Home Mission properties in First Nations communities thus freeing the Superintendent from this time consuming obligation. This position remained in existence until 1976 when a Conference/Presbytery officer was appointed by Northland Presbytery.

Most of the records described here came to the Conference Archives as part of three major transfers in 1984, 1988, and 1996. It was not always recorded, however, which Conference officer had custody and control of the records before they were transferred to inactive status and the basis on which the decision was made to remove records from active use appears to have been somewhat eccentric. Also, there were other unrecorded accessions and detailed inventories are not available in all cases. It also appears that items repatriated from selected Presbyteries and Charges have been interspersed within these records.

The records of the Superintendent's of Home Missions described here include items that date from 1926 to 1981 with the majority dating predominantly from after 1940 to 1972. Those records that date from after 1972 largely pertain to loans and other agreements that were entered into prior to the dissolution of the Board of Home Missions. Often correspondence does

not appear to be complete. Reference is made to items that are not now in the files and in many cases there are gaps of several years that are not explicitly explained. Documents found here suggest that at least two major culling of records took place; one in 1935, when the Conference offices were moved, and again in 1963 (Correspondence of 24 September 1963, File 509/2/2-8). In other cases, items were removed to the Archives Vertical File after accession. Also, it is known that succeeding Superintendents of Home Missions removed items from the files of previous Superintendents for purposes of follow-up and research and these items likely were not returned to their original location. Some documents pertaining to Home Missions fields in First Nations communities were transferred to the custody of the All Native Circle Conference at the time of its creation in 1989. These records were not transferred to the Conference Archives until 1999 and will be described as part of the records of All Native Circle Conference.

The items described here were for the most part the correspondence and related documents kept by the Superintendents in the course of their activities supervising the Home Missions allocations within the Conference of Manitoba and North-western Ontario. A division of topics according to the headings of Property, Maintenance, and General Letters within which records are arranged according to Mission Field has been roughly adhered to although it is possible to find records dealing with all three topics in one folder. Also, the taxonomy was modified somewhat as the method of allocating funds evolved.

Property records were initially called 'Property Claims' or 'Housekeeping' and later 'Property Grants and Loans' (after 1956) before evolving into 'Property and Church Extension Loans and Grants' (which evolved into the Capital Assistance Fund of the Division of Mission) and 'Property Block Grants' after 1970. Property records include documents pertaining to the allocation of funds for the purchase of lots, new construction or renovation, mission property maintenance, and insurance. Documents pertaining to the sale or lease of mission property and the transfer of title are also found here. "Property" records dating from ca.1945 to 1949 incorporate records created by Rev. Joseph Jones who supervised a program of construction of mission churches and manses known at the time as the Indian Building Program. These records were transferred to Rev. Best in 1949 and incorporated into the Superintendent's files. 'Property' records created after 1963 also incorporate the correspondence and other documents of the Building Administrator, Colin McIntyre. Some records dealing with 'Property Grants and Loans' have been designated as such in the accession record and are described as a separate group although records dealing with 'Property Grants and Loans' can be found throughout.

Maintenance records, initially called 'Maintenance Claims' and later known as 'Maintenance Grants' (after 1960) and 'Maintenance Block Grants' (after 1970) include documents that pertain to salaries, medical, travel or moving expenses, and educational allowances. These records can also include items dealing with the appointment of mission personnel, pastoral relations, charge supervision, and student supply. Often reports on the state of the mission work and conditions in the communities served by the mission are included as well as documents that pertain to the creation and interpretation of policy.

'General Letters' or 'General Files' files include documents dealing with matters not directly related to specific Mission Fields but which pertain to Home Missions work within the Conference in general. Included are records pertaining to aspects of the Superintendent's work such as the rural church, Ukrainian work and immigration as well as institutions and inner city missions. Records pertaining to personnel matters form a significant segment. Also included are records pertaining to inter-conference activities such as General Council Commissions and Committees as well as ecumenical initiatives of special relevance to Home Missions such as proposed co-operation with the Anglican Church in home mission activities, especially in north-

western Ontario. Several files deal with property matters. These generally pertain to the sale of Home Missions properties that were no longer required for the work in the Conference rather than maintenance or new construction. They may also concern reports that deal with several properties together. Records pertaining to the transfer of title or sale of Home Missions property are also found here.

Title based on contents.

Documents found here also include architectural drawings and photographs.

Many items were re-folded during earlier arrangement projects and the original folders have been discarded.

The original order of many of these records was obscured during storage, earlier arrangement and subsequent microfilming projects and folder order has been reconstructed based on the existing accession record where possible. Where this was not possible, the arrangement imposed when the records were initially accessioned has been retained. In many cases the original fasteners were removed and the original chronological and/or thematic order of the documents within folders has become indistinct. Generally, records are arranged in alphabetical order by charge/mission/institution name/subject. Some records also have been arranged by Presbytery and there is some evidence to suggest that this may have been the original working arrangement for all the 'Property' and 'Maintenance' records of the Superintendents of Home Missions. Records that pertain to a particular topic and/or Mission Field are often found in more than one location.

Documentation Digitization : Relevant items in this series related to Indian Residential Schools are included in the United Church of Canada Archives Winnipeg 2014 Index of IRS Related Records and were digitized for submission to the Truth and Reconciliation Commission. For more information contact the Keeper of the Archives.

Files containing material dated after the dissolution of Home Missions in 1972 are generally described elsewhere in this fonds as part of the Conference Administrative Support series.

Some records that pertain to the establishment of new congregations and related capital expenditures may be found with the records of the Winnipeg [Presbytery] Council of Church Extension that was charged with responsibility to act for the Conference as a whole in matters of Church Extension after 1957.

Annual Reports of the Manitoba Conference Superintendent/s of Home Missions appear in digest form in the published Annual Reports of The United Church of Canada General Council Board of Home Missions.

Kenora-Rainy River Presbytery. – 1938-1975. – 22 folders.

Kenora-Rainy River Presbytery began in 1952 as Rainy River Presbytery and consisted of three charges and a few student fields spread out along the southern line of the Canadian National Railway. In 1943 the Kenora District and several mining communities in the Patricia District were added to make eight self-supporting charges. By 1956, there were ten self-supporting charges and three First Nations communities lying north of Red Lake were added. In 1961, three more First Nations communities located just over the Manitoba border were joined to the Presbytery. Kenora-Rainy-River Presbytery was amalgamated with Superior Presbytery to form Cambrian Presbytery effective 2 January 1973.

The records described here consist of the correspondence files of the Conference Superintendent of Home Missions that pertain to Pastoral Charges in Kenora-Rainy River Presbytery receiving aid from the Board of Home Missions. Items pertain to the administration of 'maintenance claims' (matters other than property claims/grants and loans). These usually involve salary (items often include a report on the state of the charge and plans for the future). Property items are also found here including especially those items that pertain to manse and church extension loans (loan applications, loan statements, documents that pertain to title and insurance).

48. Wayside Church Centre Correspondence. – 1961-1971. – 2 folders.

The Wayside Church Community Service Centre was located at 706 McTavish Street in Fort William. It was opened in 1912 after two buildings were purchased by the Trustees of Wesley Church and converted into service centre known as the Wesley Institute. The first Superintendent was Rev. J. M. Shaver who went from the Wesley to All People's Mission in Winnipeg in 1921. A new building was opened in 1923 and renamed Wayside House. Services for Japanese Canadians were begun here during WW II and a chapel known as Wayside Church was opened soon after. The office of the United Church community worker was relocated to Wayside in 1966 and a youth program was started in 1968. The chapel was closed for English services in 1969 and the families who had worshiped there joined the congregation of Knox. Japanese language services continued at Wayside Chapel. Clergy who served here included Rev. Allan Minor, 1961-1968; and Rev. Ken Myers, 1968-1971.

Items found here consist of correspondence and other documents that pertain to the activities of the Knox-Wayside United Church congregation and the Wayside Community Centre. This includes formal and informal annual reports, program appraisals and copies of Board meeting minutes.

Norway House Presbytery. – 1934-1962. – 6 folders.

Norway House Presbytery, encompassing many of the same Pastoral Charges as the old Lake Winnipeg Presbytery, first appears on the roll of Conference in 1935. The plan was to separate Mission Fields serving First Nations peoples from those serving 'white' communities and those 'white' settlements situated on the Hudson's Bay Railway remained within the Presbytery of Hudson Bay. Norway House Presbytery included the Mission Charges of Berens River, Cross Lake, God's Lake, Fisher River, Island Lake, Little Grand Rapids, Nelson House, Norway House, Norway House Boarding School, Oxford House, Pekangecum, Poplar River, and Sandy Lake. In 1957 Pekangecum, Deer Lake and Sandy Lake were transferred to Kenora-Rainy River Presbytery. In 1962, the charges of Norway House Presbytery were rejoined to those of Hudson Bay Presbytery and the new presbytery kept the Hudson Bay name.

The items described here were accessioned along with the records of Superintendents of Home Missions Property Files 'Indian Work' (Maintenance Claims) belonging to R. Smith and do not appear to have formed part of the same record group as other Superintendents of Home Missions Presbyteries Property Files.

Records described here generally consist of correspondence between the Superintendent of Home Missions in Winnipeg and various Norway House Presbytery officers as well as between the Superintendent and Secretaries of the Board of Home Missions in Toronto on matters pertaining to the Norway House Mission Charges. Also found here are excerpts from Presbytery, Home Missions and General Council minutes that pertain to Norway House Missions, copies of resolutions and other documents retained here for reference.

Winnipeg Presbytery. – 1909-1979, predominant 1943-1979. – 1.25m textual records.

Winnipeg Presbytery was one of the original nine presbyteries created as part of the formation of the Manitoba Conference of The United Church of Canada in 1925. Included within its boundaries were United Church charges and missions within greater Winnipeg as well as a large number of rural charges in Winnipeg's hinterland. These rural charges included some as far afield as Dryden in the east and Pine Falls, Teulon, and Grahamdale in the north. Major changes to Winnipeg Presbytery boundaries occurred during the 1960s. In 1961 the mission charges of Koostatak, Little Grand Rapids, Berens River, and Poplar River (formerly of Norway House Presbytery) were added. In 1963 these charges along with several other rural charges in the area north of Winnipeg were divided off to form Selkirk Presbytery. As the years passed, all the rural charges that were originally part of Winnipeg Presbytery eventually came under the supervision of surrounding rural presbyteries. Currently, Winnipeg Presbytery is made up exclusively of charges located within the Winnipeg's greater urban area.

The records described here consist of the correspondence files of the Conference Superintendent of Home Missions that pertain to Pastoral Charges and Mission Institutions in Winnipeg Presbytery receiving aid from the Board of Home Missions.
